

**SPM200 paper white satin, 200g**

- Description:** Matt coated wet-strength premium paper.
- Application:** Photo reproductions and high-quality poster prints as well as information boards, outdoor decoration and much more indoors and outdoors.
- Characteristics:** The SPM200 impresses with its excellent image quality, has a wet and scratch-resistant coating, high dimensional stability and rapid drying during the printing process. The product is environmentally friendly and recyclable.
- Inks and printers:** Universally applicable for printers with solvent, eco-solvent, latex and UV-curing inks (latex certified)
- Oppression:** Before printing, acclimatize the material to room temperature (> 20°C) in the printer room for at least 2 hours. The print side is on the outside. Ensure a dust-free printing environment and avoid fingerprints on the printing surface by wearing cotton gloves.
- Lamination:** Suitable for cold lamination up to 60°C. Please make sure that the print has dried thoroughly before laminating (recommendation 24 hours with the paper lying open).
- Storage:** After printing, store the material immediately to avoid contamination and curling. Pack the material back into the protective film and store the roll upright in a light-protected and dust-free environment at 40 to 60% relative humidity and 18 to 25°C room temperature. The shelf life is 12 months.

**Technical Data:**

Characteristic	Value	method
Grammar	200gr	
Whiteness	105	
Gloss (60°/85°)	35/64	
opacity	98%	

**Dimension:**

Length, roll core	76.2 linear meters wound on 3 inch core
widths	1372mm, 1600mm

**Hints:**

The technical data refers to the unprinted material. Our information does not release you from carrying out your own tests to check suitability for your application. We have no influence on the properties and durability of the inks; please also note the printer manufacturer's instructions. The data sheet is based on manufacturer information; Alphaset assumes no liability. Subject to technical changes and typesetting errors. October 2021 version
